

President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency declared with respect to the actions of certain persons to undermine the sovereignty of Lebanon or its democratic processes and institutions is to continue in effect beyond August 1, 2011.

Certain ongoing activities, such as continuing arms transfers to Hizballah that include increasingly sophisticated weapons systems, serve to undermine Lebanese sovereignty, contribute to political and economic instability in the region, and continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. For these reasons, I have determined that it is necessary to continue the national emergency declared on August 1, 2007, to deal with that threat and the related measures adopted on that date to respond to the emergency.

BARACK OBAMA.
THE WHITE HOUSE, July 28, 2011.

MEASURES PLACED ON THE CALENDAR

The following bill was read the second time, and placed on the calendar:

H.R. 1938. An act to direct the President to expedite the consideration and approval of the construction and operation of the Keystone XL oil pipeline, and for other purposes.
